

**VAA Bendigo Branch: Advance Notice of Annual Field Day**

Bendigo Branch is optimistically planning its 41st Annual Beekeeping Field Day at Harcourt Recreation Reserve on Sunday 10th October, 2021.

Depending on Covid regulations at the time, we will implement a Covid safety plan to ensure the safety of all attending. This will probably mean that the day's program will be somewhat different to that of previous years.

More information will be made available as we proceed with our planning.

We look forward the attendance of both traders and beekeepers (both large and small), together with community members.

Mated queen bees will be available – these will need to be pre-ordered. If wishing to order queen/s please contact Max Maunder -PH:03 5446 7911 or email – [maunderjmcv@bigpond.com](mailto:maunderjmcv@bigpond.com)
